

MASAITI FCE RUNS A PASTOR SEMINAR

The seminar was scheduled for the 13th to the 15th of March, 2009. Twenty four pastors and other church leaders attended. It was such a wonderful time to have leaders from different denominations interact, thus breaking artificial barriers that continue to divide the church of Christ.

With great enthusiasm church leaders listened to the Word of God. Topics covered, included: our identity in Christ, intercessory prayer, and what is meant by the true church. It was such a privilege for Wood, Christopher and Jannie to share at this seminar.

Everybody agreed that time is of the essence and that the true church of Masaiti must let Jesus in (Rev.3:20).

Then there will be life in the church, making it strong and vibrant, as God's Spirit works in believers' hearts to build the kingdom of God.

Pastors are now looking forward to implement that which God has been putting on their hearts in this seminar. They also strongly felt that in future, more leaders from their respective congregations should get involved.
